

2017-2018 MIDDLE SCHOOL SUPPLIES LIST (GRADES 6 – 9)

- Ballpoint pens (blue or black)
- Red marking pens
- Highlighters (two different colours)
- Black Sharpies (one 'extra fine', one 'fine')
- Markers (coloured felt markers)
- Pencils
- Package of pencil crayons
- Pencil sharpener (that holds the shavings)
- Pencil case
- Erasers (white are best)
- Wite-Out tape (liquid Wite-Out is not allowed to be used by students at school)
- Glue sticks
- Liquid white glue
- Scissors
- Geometry set
- Ruler (metric)
- Calculator (unlike other grades, grade 9 requires a general scientific calculator)
- Families are strongly encouraged to purchase a laptop sleeve to help protect the Chromebook during transport to/from the school and in your child's locker. Neoprene sleeves do not offer much protection, but a full laptop bag is not needed. Look for a sleeve made for a 13" laptop (these range from \$22 to a robust Thule sleeve at \$60). Grade 6 students will have their device stay at school for a few months, so you have time to look for bargains.
- Headphones to be used with the Chromebook (3.5mm size; these *do not* have to be expensive)
- Loose leaf paper (lined – minimum of 400 sheets)
- Graph paper (minimum of 100 sheets)
- Blank sketchbook (if taking Art exploration in grade 8 & 9 only)
- Lined exercise book (8.5x11)
- 1.5" three-ring binders (2)
- Section subject dividers for binders
- Bible (can be purchased for \$18 in school library; most students use NIV)
- Bag for PE strip
- Running shoes for PE (non-marking soles)

PLEASE NOTE:

- Teachers may advise families of other more classroom-specific items that are needed or if additional supplies are required partway through the year.
- **Lockers:** Students are provided with a school combination lock.
 - Lost lock replacement fee: \$8.00
 - Change of lock fee (may be charged if due to lack of care): \$5.00
 - Students will be held responsible and charged a fee for any damage to their locker. Use Hold 'Em or Stick & Tack instead of tape, which will damage the paint.
